Special Issue: Silvicultural Research in Changing World

Foreword 1

Constraints and opportunities for better silvicultural practice in tropical forestry: an interdisciplinary approach
B.B. Walters (Sackville, Canada), C. Sabogal (Para, Brazil), L.K. Snook (Bogor, Indonesia) and E. Almeida (Para, Brazil) 3
Landscape based forest management, a real world case study from Mexico
M.A. Mendoza (Veracruz, Mexico), J.J. Fajardo and J. Zepeta (Jalisco, Mexico) 19
Silvicultural strategies in forest ecosystems affected by introduced pests
K.M. Waring and K.L. O'Hara (Berkeley, CA, USA) 27
An evaluation of land suitability for forest fertilization with biofuel ash on organic soils in Sweden
B. Hånell and T. Magnusson (Umeå, Sweden) 43
Simulating effects of forest management on selected public forest goods and services: A case study
D.A. Köchli and P. Brang (Birmensdorf, Switzerland) 57
Using models to predict recovery and assess tree species vulnerability in logged tropical forests: A case study from French Guiana
S. Gourlet-Fleury, G. Cornu, S. Jésel, H. Dessard (Montpellier, France), J.-G. Jourget, L. Blanc (Kourou, Guyane Française) and
N. Picard (Bamako, Mali) 69
Investigating scale-dependent stand heterogeneity with structure-area-curves
E.K. Zenner (Saint Paul, MN, USA) 87
Effects of strip and single-tree selection cutting on birds and their habitat in a southwestern Quebec northern hardwood forest
F. Doyon (Ripon, Canada), D. Gagnon and J.-F. Giroux (Montreal, Canada) 101
Eastern white pine response to release 30 years after partial harvesting in pine mixedwood forests
D. Burgess, C. Robinson (Chalk River, Canada) and S. Wetzel (Sault Ste. Marie, Canada) 117
Application of free selection in mixed forests of the inland northwestern United States
R.T. Graham and T.B. Jain (Moscow, ID, USA) 131
On the success and failure of mixed-species tree plantations: lessons learned from a model system of *Eucalyptus globulus* and *Acacia mearnsii*
D.I. Forrester (Canberra, Australia), J. Bauhus (Canberra Australia and Freiburg, Germany) and A.L. Cowie
(Canberra, Australia and Beecroft, Australia) 147
Wood production, litter fall and humus accumulation in a Czech thinning experiment in Norway spruce (*Picea abies* (L.) Karst.)
M. Slodicak, J. Novak (Opocno, Czech Republic) and J.P. Skovsgaard (Hørsholm, Denmark) 157

VOLUME 209, ISSUE 3 **2 MAY 2005**

Boreal mixedwood species composition in relationship to topography and white spruce seed dispersal constraint
M. Albani (Vancouver, Canada), D.W. Andison (Belcarra, Canada) and J.P. (Hamish) Kimmins (Vancouver, Canada) 167
Stand-level diameter distribution yield model for black spruce plantations
P.F. Newton (Sault Ste. Marie, Canada), Y. Lei (Beijing, People's Republic of China) and S.Y. Zhang
(Sainte-Foy, Canada) 181

doi:10.1016/S0378-1127(05)00176-3

Nursery inoculation of *Eucalyptus* seedlings in Western Australia and Southern China using spores and mycelial inoculum of diverse ectomycorrhizal fungi from different climatic regions
M. Brundrett (Perth, Australia), N. Malajczuk (Subiaco, Australia), G. Mingqin, X. Daping (Guangzhou, PR China), S. Snelling and B. Dell (Perth, Australia) 193
Application of conductive polymer analysis for wood and woody plant identifications
A.D. Wilson, D.G. Lester and C.S. Oberle (Stoneville, MS, USA) 207
Evaluation of growth response, stand value and financial return for pre-commercially thinned jack pine stands in Northwestern Ontario
Q.J. Tong, S.Y. Zhang (Sainte-Foy, Canada) and M. Thompson (Canada) 225
Monitoring and information reporting for sustainable forest management: An international multiple case study analysis
G.M. Hickey, J.L. Innes, R.A. Kozak, G.Q. Bull and I. Vertinsky (Vancouver, Canada) 237
Tree community patterns in seasonally dry tropical forests in the Cerros de Amotape Cordillera, Tumbes, Peru
R. Linares-Palomino (Tumbes, Peru) and S.I. Ponce Alvarez (Tumbes, Peru and Göttingen, Germany) 261
Variability in net primary production and carbon storage in biomass across Oregon forests—an assessment integrating data from forest inventories, intensive sites, and remote sensing
S. Van Tuyl, B.E. Law, D.P. Turner and A.I. Gitelman (Corvallis, OR, USA) 273
Herpetofaunal species richness responses to forest landscape structure in Arkansas
C. Loehle (Naperville, IL, USA), T.B. Wigley (Clemson, SC, USA), P.A. Shipman (Rochester, NY, USA), S.F. Fox (Stillwater, OK, USA), S. Rutzmoser (Auburn, AL, USA), R.E. Thill (Nacogdoches, TX, USA) and M.A. Melchiors (Federal Way, WA, USA) 293
Vertebrate species assemblages and species sensitivity to logging in the forests of north-eastern New South Wales
R.P. Kavanagh and M.A. Stanton (Beecroft, Australia) 309
Carbon and nutrients loos in aboveground biomass along a fire induced forest-savanna gradient in the Gran Sabana, southern Venezuela
N. Dezzeo and N. Chacón (Caracas, Venezuela) 343

Short Communication

An improved tool for the fabrication of dendrometer bands to estimate growth as function of treatments in slow growing native *Prosopis* stands
P. Felker (Salinas, CA, USA) and V. Diaz-De Leon (Kingsville, TX, USA) 353

Contents of *Forest Ecology and Management*, Volume 209 357
